

GEN. MACEO

Making Successful Operations Against Weyler's Forces.

He Turned the Captain General's Left Flank on December 1,

Capturing More Than 12,000 Stands of Arms and an Immense Quantity of Ammunition, Medicine and Supplies—Francisco Gomez Safe.

DALLAS, Tex., Dec. 11.—The head of the local Cuban committee Thursday received dispatches from Key West making absolute denial of the Spanish report from Havana of the alleged killing of Gen. Antonio Maceo. The dispatches state that at 9 o'clock Wednesday night Maceo was safe in Pinar del Rio province, and his army was making successful operations against Weyler's forces; that by the turning of Weyler's left flank on December 1, Maceo had captured more than 12,000 stands of arms and an immense quantity of ammunition, medicine and commissary supplies.

The dispatches also stated that within the next three days the Cubans are likely to turn Weyler's other flank and win a decisive victory. Francisco Gomez has not been with Maceo in any of his recent movements, and is safe in Matanzas province. The head of the local committee said: "We know positively that the most sensational and glorious news for the patriots will come from Cuba on or about December 15. Texas is doing more to help the patriots than any other state in the union just now and is favorably located for effective aid. Dallas and Galveston will be in closer confidential relations with Key West than will any point in the east for some time to come."

The Dallas Cuban committee, through O. Paget, Thursday night issued a call for a public mass meeting to be held in auditorium of the city hall at 3 o'clock next Sunday afternoon. Col. J. T. Trezevant, president of the Texas state fair and Dallas exposition, and a confederate officer of prominence, has consented to preside.

An effort will be made to have a large representation of ex-confederate and ex-federal soldiers in the meeting. One object of the meeting is to give moral support to Senator Mills in pressing his Cuban resolution in congress.

Luis Peniz, official head of the Texas State Cuban Junta at Galveston, and other Cubans have been invited to be present.

NEW TARIFF BILL.

The Ways and Means Committee Will Go to Work at Once to Prepare One.

WASHINGTON, Dec. 11.—The committee on ways and means will go to work at once to prepare a tariff bill. This was the conclusion reached by the republican members of the committee at a conference held Thursday night in the rooms of Representative Grosvenor, called by Chairman Dingley, at which all the republicans were present, except Maj. Steele, of Indiana, who was unavoidably detained. The conclusion reached was the unanimous expression of the members present. In the preparation of the bill the committee will give hearings to all persons who are interested, and they will be conducted by the full committee. The first meeting of the committee will be held at 10 o'clock Saturday morning at which time if all the democratic members are present, the details of the hearings, the time when they shall begin, etc., will be agreed upon. In case Judge Turner, of Georgia, the ranking member of the minority of the committee should not be able to be present on Saturday, the meeting of the full committee will be postponed until such time as he can attend.

Gold Democrats Meet.

INDIANAPOLIS, Ind., Dec. 11.—The national executive committee of the national democratic party held its first meeting since election at the Bates house in this city Thursday afternoon, and in the evening enjoyed a little supper with Henry Watterson as the guest of honor. The business of the afternoon was the auditing of the accounts of the committee and discussing the question of organization during the first year. Accounts were found to be correct with a balance left in the treasury, not a large one, but sufficient to send out a good deal of literature before the next presidential election comes around.

National Monetary Conference.

WASHINGTON, Dec. 11.—In accordance with the instructions of the republican caucus, Senator Sherman Thursday named the following senators as a committee of five to devise legislative action by this session looking to an international monetary conference: Senator Wolcott, chairman, Hoar, Chandler, Carter and Gear. This is considered as a conservative committee with majority friendly to international bimetalism. A canvass has been made among the democrats, and republicans say they have enough votes in sight to pass a bill in the interest of international bimetalism.

Recruits for the Cuban Army.

DENVER, Col., Dec. 11.—Leave of absence has been granted Charles F. Freil and Adelbert H. West, members of the Colorado national guard, who intend to start for Cuba next Sunday with 300 volunteers, all of whom have and military training. They will enlist in the insurgent army.

Movements of War Vessels.

WASHINGTON, Dec. 11.—The sailing of the Minneapolis from Jaffa for Smyrna and the arrival of the Amphitrite at Hampton Roads were reported to the navy department Thursday.

Decision in Walling's Case Saturday.

INDEPENDENCE OF CUBA

Had Two Advocates in the Senate Thursday.—Political Discussion in the House. WASHINGTON, Dec. 11.—The independence of Cuba and the recognition of the insurgents as a regularly organized government had two advocates in the senate Thursday in the persons of Senators Callom (rep. Ill.) and Call (dem. Fla.). Mr. Callom delivered a carefully prepared speech in support of his views, while Mr. Call contented himself with a brief discussion statement. The bill to restrict immigration was taken up as unfinished business—a motion by Mr. Gibson (dem. Md.) to postpone its consideration till the first Monday in January having been defeated. Various amendments to the text of the bill were offered or suggested, but no action was taken. Adjourned till Monday.

Honors.—The bill amending the law prohibiting alien ownership of lands in the territories, so as to permit aliens to acquire possession under foreclosure of mortgage and hold the land for ten years, within which period they must dispose of it was taken up and discussed. Under call of committees, bills were read prohibiting the sale of liquors in the capital building and protecting the rights of dramatic authors and musical composers in their productions. The bill to define the rights of purchasers of the Atlantic and Pacific railroad under foreclosure of the mortgage authorized by act of April 30, 1871, was laid over until Monday next, after having been amended so as to forbid the issue of capital stock by the new corporation for full value at par, on account of money paid in or labor or material furnished, until approved by the secretary of the interior. Hon. C. J. Boatner, elected from the Fifth district of Louisiana to fill the vacancy occasioned by the action of the house at the last session, declaring his seat vacant, appeared and took the oath of office.

PAPER MAKERS

Agree to Pool Their Interests and Deal With Consumers Only Through a General Agency.

NEW YORK, Dec. 11.—Conferences of the principal manufacturers of white paper used by newspapers have been held in this city for more than a week past, to consider the formation of a general stock company to handle the product of the mills and to act as the general agent of the allied concerns. These negotiations culminated Thursday in the practical agreement of all concerned to pool interests and to deal with consumers only through a general agency which is to be established in this city. The plan involves the formation of a national association, capitalized at a moderate amount, which is to control the product of all the mills. By this arrangement the manufacturers expect to reduce running expenses, to reorganize the trade and to promote friendlier relations between all concerned. They expressly deny that prices will be advanced as a result of the proposed agreement, but contend that they are obliged to follow the example of other men directing other great industries and co-operate to prevent ruinous competition.

Thirty companies are interested in the movement. They are said to control the industry in this country. Among those interested in the negotiations are William E. Spier, of the Glen Falls Co.

All that now remains to be done is the agreement to a general form of contract, which is now being considered by the attorneys.

JUDGE M'KENNA,

Of California, Spoken of for a Cabinet Position—Mrs. McKinley Goes to Chicago.

CANTON, O., Dec. 11.—A new name swung into prominence here Thursday as a cabinet possibility from California and for the moment was more eagerly discussed than were the names of Judges De Haven and Waymire in their turn. The man of the hour with the unofficial makers of cabinets is Judge Joseph McKenna, of California, who was appointed to the United States circuit bench by President Harrison. Judge McKenna was an industrious and able member of congress, and served during a portion of Maj. McKinley's term in the house. He is well known by the president-elect and is an uncommonly available man of the highest character and standing.

Mrs. McKenna left Thursday night for Chicago for a few days' visit with her cousin, Mr. and Mrs. Lafayette McKenna, of that city, who have been guests at the McKinley residence for a few days past. Mrs. McKinley will probably be away for a week, and while she goes to rest and get a change of scene, the first time for several months, it is also understood that the matter of an inaugural wardrobe will receive some attention.

DOUBLE TRAGEDY.

A Physician Shot and Mortally Wounded by His Son—The Latter Sends a Bullet Into His Brain.

MISSOURI VALLEY, Ia., Dec. 11.—At 8 o'clock Thursday evening Ben Freeman shot and mortally wounded his father, Dr. Freeman, of this city. Then turning the weapon on himself young Freeman sent a bullet crashing through his own brain, dying instantly. Dr. Freeman is an old resident of this city and well-known throughout the country. Young Freeman only arrived home from California last week. The cause of the murder and suicide is not positively known, but domestic troubles are hinted at.

Unable to Agree.

PITTSBURGH, Pa., Dec. 11.—The coal operators and miners of the Pittsburgh district seem entirely unable to agree upon terms of settlement. Thursday morning's session of the joint convention was unproductive of result, beyond long discussion and referring the wage scale question to a committee of ten. Another committee was appointed to investigate the conditions at machine and pick mines.

"Scar-Face" Charley Dead.

SENECA, Mo., Dec. 11.—"Scar-Face Charley," head chief of the Modocs, died on the reservation near here, of consumption. "Scar-Face Charley" was the last survivor of the small band of Modoc warriors whose cruel massacre of Brig. Gen. Canby and Rev. Dr. Thomas, in the lava beds of Northern California in 1873, shocked the civilized world.

Maria Barberi Acquitted.

NEW YORK, Dec. 10.—Marie Barberi, who has been on trial in this city for several days charged with the murder of her lover, Dominio Cataldo, was Thursday evening acquitted. This was her second trial. The jury in the first trial returned a verdict of guilty.

THE REPORTS

Concerning the Death of Gen. Antonio Maceo Conflict.

His Physician Says the Noted Cuban Leader Was Killed in Battle

On December 7 Between the Insurgents and the Spanish Troops Under Maj. Cirujadas—But Others Deny the Story—Patriots' Army's Condition.

HAVANA, Dec. 11.—Dr. Maximo Zertucha, who was formerly Gen. Antonio Maceo's physician, has surrendered to Col. Tort at San Felipe, and confirms the reports of the patriot leader's death, which occurred at 2 p. m. on December 7, in the engagement between the patriots under Maceo and the Spanish troops under Maj. Cirujadas.

GEN. ANTONIO MACEO.

KEY WEST, Fla., Dec. 11.—All reports from Havana Thursday from patriot friends are to the effect that the reports of the death of Maceo and Gomez's son are fakes of the usual Spanish kind.

BOSTON, Dec. 11.—Capt. G. H. Lane, of the Cuban army, was in Cambridge Thursday, and he characterized the report of Maceo's death as false and a Spanish trick to offset the effect of the message of President Cleveland. While it was possible, he said, that Maceo had been killed, yet it was altogether improbable that he would have been found by the Spaniards at the head of so small a detachment of men as it is reported he was leading.

Capt. Lane says it will be impossible for Weyler to drive the patriots from the hills of Pinar del Rio. The Cubans can remain in the hills for an indefinite time. The valleys there are as fertile as any ground on earth, and within a year three crops of sweet potatoes have been raised by the Cuban army. Vegetables have been planted, and there are men regularly appointed as herders to care for the beef. The Cuban army, he claims, has much better food and of greater quantity than the Spanish soldiers.

While Capt. Lane would not speak of the number of men in the Cuban army, he stated that they were numerous enough to meet Gen. Weyler and his soldiers in open battle if Gomez and Maceo so determined, with the result that the Spanish would be driven to Havana in disorder.

BANK TAX TEST CASE.

Torrens Land Law Will Also Have a Supreme Court Ruling.

CLEVELAND, O., Dec. 11.—The supreme court of Ohio some time ago decided that national bank stock was not a credit against indebtedness in tax appraisement. This conflicts, it is believed, with a decision of the United States court. It has been decided to carry the case in which the Ohio decision was given to the United States supreme court for a more direct final ruling on the subject.

The United States supreme court will also be asked to decide as to the constitutionality of the Torrens or Australian law, now in force in Ohio. It is claimed that it is objected to by nearly all the state and county officers, and the secretary of state will start the ball rolling with a friendly law suit.

Idle Miners Will Go to Work.

PITTSBURGH, Pa., Dec. 11.—Within a week about 1,000 idle coal miners along the Monongahela river will go to work as a result of the amicable adjustment of the wage scale between the operators and their employees. The wages of the coming six months will be 62 cents per ton in the first pool, and 48 cents per ton in the second, third and fourth pools. Work will resume as soon as the mines can be put in condition.

Dingley for the Treasury.

WASHINGTON, Dec. 11.—The Washington Times says: Hon. Nelson Dingley, Jr., of Maine, is to be the next secretary of the treasury. This statement is not official, but comes from such a source that there can be no doubting that the portfolio will be tendered Mr. Dingley and accepted.
